

## Anti-Flavivirus E IgM Antibody

**Catalog Number** LDG0223YA

**Package** 100 µg / Customized package

For full product information, images and publications, please visit [our website](#).

### Overview

#### Description

The Flavivirus E protein, also known as the envelope protein, is a crucial component of the Flavivirus virion (the infectious particle). Flaviviruses are a family of RNA viruses that include several significant human pathogens such as dengue virus, Zika virus, yellow fever virus, and West Nile virus.

### Specifications

#### Clonality

Recombinant Human IgM

#### Reactivity

Flavivirus

#### Conjugation

Unconjugated

#### Buffer

Phosphate Buffered Saline containing 0.03% Proclin300, pH 7.4.

#### Form

Liquid

#### Immunogen

Flavivirus E protein

#### Application

ELISA, LFA

#### Concentration

Lot-dependent, please refer to product label.

#### Specificity

Envelope protein
